Subject: Invitation to attend to the largest Job Fair at UIU Campus

Dear Madam,

CKH network is an organization that has been committed to educating, enlightening, and empowering the youth of our nation since its very inception. We are diligently working to achieve those objectives through our various educational events, and learning and development initiatives.

One of such initiatives is holding a **Job Fair** for the multitudes of unemployed youth that has obviously increased during the Covid pandemic. However, it's a good news that our business houses/employers have resumed their business activities and are in want of right manpower to run their business operations that has been immensely suffering since the beginning of this pandemic. To help students get their cherished jobs, we have organized an eleven day (December 1 to 9) Job Readiness Summit where professionally successful people will be speakers at the summit titled "**Bangladesh Finance Presents NextGen Leaders Job Readiness Summit 2021**". The program will be live telecast via social media. We expect to have 30+ renowned conglomerates in this fair.
