

NEW BLOWN
-An Int'l Standard School-

Greetings of Independence Day Silver Jubilee

Independence is the most venerable thing for every nation which defines and recognizes its uniqueness and sovereignty, and behind this most desirable achievement, there remains a glorious history of organizing, struggling to sacrifices and great martyrdoms. As Bengali nation, we have also a prolonged, organized and consistent blood-shedding history in the every single segment of which lies the astounding and reverence-rousing evidence of the undaunted sons of the Bangla Mother. Being constantly a victim to tyranny and deprivation, this freedom-freak, peace-loving and arms-less nation forged an indomitable protest from the 26th March of 1971 against the invader Pakistani Army and its rulers under the unprecedented and dynamic leadership of the finest of the Bengalis of thousand years, the architect of our great Independence and the Father of our nation- Bangabandhu Sheikh Mujibur Rahman. Consequently through a nine-month long blood-shedding battle claiming the lives of approximately thirty million people and the chastity of two millions mothers and sisters, we gained our recognition as an independent country and nation in the world map. Today is the 50 year jubilation of the outstanding achievement of ours- "Independence" - as a Bengali, we are truly proud and very glad of that! On behalf of New Blown School, on the eve of the Silver Jubilee of our great Independence, we would like to express our solemn respect and sincerest gratitude towards all the Martyrs, Intellectuals and Freedom Fighters of the different stages of the Mass-rising of 1969, Language Movement of 1952, Independence war of the 26th March, 1971 and finally the Victory day of the 16th December, 1971. We would also like convey the greetings and congratulation of the Silver Jubilee of our great Independence to all our guardians, students and well-wishers. Let us unite in the true spirit of our Independence and continue our concerted effort to uphold it.

Thanking you

Md. Kamruzzaman
Principal, New Blown
