# NEW BLOWN

*-An Int'l Standard School-*

## Notice

### **Dear Guardians**

Assalamualaikum. This is to inform you that New Blown Management has decided to give a 50% waiver on the tuition fees of all our students from April to till Corona period considering the ongoing situation and our parents' requests. If the consequence of the Corona virus continues till December, in that case, the guardians who have already made the full payment of their kids from April to July, they will only pay the half of the December tuition fee in this year. However, the guardians who have not paid the dues from April to July or have paid partially, are especially requested to make the due payment within the 20th September. You can make this due payment by logging into our school's website- [www.newblown.com.bd](http://www.newblown.com.bd) through bkaash payment method or by coming physically to our school and paying to account section directly.

It is worthwhile to mention here that those guardians who have responded to our call by already making the due payments and helped us to take our educational activities ahead standing by us, we express our sincere gratitude and heart-felt thanks to all of them.

Stay hale and hearty. Stay safe.

Thanking you

Md. Kamruzzaman  
Principal, New Blown
