Notice

Dear Guardians

This is to inform you that pre-scheduled online exam's time table has been changed for the greater convenience of our students. Now, the online exam of both Bangla and English Version from Play to Ten will begin from 20th September, 20. The revised online exam schedule will be published in the students' respective Messenger, Whatsapp group and on the web site of New Blown on the 10th September, 20. Since the decision has been taken to arrange the online exam in the specific ID of Zoom platform using the Google Form, hence to make the students familiar with the new exam system, as a part of prior exam preparation, Class Test will be taken in the Google Form in the MCQ system. Furthermore, to make our online class more effective and prolific, veteran teachers have been assigned in the new routine and the time duration of each class has been revised from 40 minutes to 45 minutes.

We expect that our online educational activities will be much more strengthened and well-organized with your encouragement and cooperation.

Thanking you
