

Rural Development Academy (RDA) laboratory School and College is an exceptional institution in the field of National education. It was set up in 1985 in the green premises of RDA with a view to educating the children of RDA staff and the children of backward rural population of adjacent areas. With the establishment of the college section in 2001, its institutional status has increased greatly. School & College is working as a laboratory of RDA. The institution is run by an efficient governing body under the direct supervision of RDA. The governing body is headed by DG, RDA as chairman.
